"TIS THE SEASON"

****

FROM THE HIGH CHAIR

Judge George McDowell and I have taken advantage of the off season to fine-tune our judging skills.

Judge George, at great personal cost, has traveled not only the U.S. but Europe and Southe America to pick up subtle tips on judging. In truth his judging was excellent, but felt he could do better. Jane accompanied him, took notes and will provide a report on the travels later.

Judge Joe, in response to heated requests by the players, did indeed, have his eyes tested, was found to be deficient, and has his cataracts removed and replaced with lenses approved for Judges.

Unfortunately, both of us have had reverses in the past few days. George has an imminent death in the family and I am having radiation for multiple myeloma. In order to compensate for our absences, I am assembling a panel of alternate judges, chosen for their honesty, eye sight, and their ability to add 7's and 8's

accurately.

Best wishes to all, let the Games begin, and we hope for the best MKV Shuffleboard Tournament. The Judges will do their part.

HISTORY LESSON

This event began on or about 1994, which is 18 or 19 years ago. Go figure—I can't count.

The Originators were Don & Mary Lou (Don't phone at 3 am.) Turner etc. (Greens?).

The first Underground Newsletter was written in 1998 or 1999 from a suggestion from King Arthur (Broder) and the Fruitcake Ken (Langendorf) ran with it with the help of Lady Barbara as Publisher.

After the Puck Partnering Pupu Party tonight look for your partner and find out how to contact them and begin to sign up for games on the scheduling sheet at "The Shack". We will be publishing the list and official photos of the party ASAP. Please share if you have any news, photos of others of our family, please send to Blangendorf@msn.com so I can post to our web site, MKVonline.com for all to share and enjoy.
