**NOTICE FROM THE HIGH CHAIR**

There is a new written rule.

It states whereas and henceforth any puck judged to be off the court may be touched or picked up for no penalty. The Judge will notify the participant that the puck is clearly off the court and may be touched, moved and picked up. After picking up the puck it may be cuddled and even stroked, but may not be returned to the court.

Notice ! the match is in a public setting and often there are children present. When you touch, move, pickup, cuddle, coddle or embrace the puck, do it with a sense of style and propriety.

This is now a part of the permanent written rules and should not be folded, mutilated or spindled.

Judge Joe.

P.S. Sorry Golfers, we do hope you have better weather next year.
